

Abstract

Masking strip comprised of:

- e) a heat-resistant adhesive tape (1) with a paper support (2) and a self-adhesive composition (3),
- f) a masking paper (5) with good paint adhesion and absorbency duplexed in the marginal area (4) of the self-adhesive composition, as well as
- g) a masking film (6) duplexed in the same marginal area of the self-adhesive composition (3),
- h) the masking film (6) completely covering the masking paper (5) on the side on which the self-adhesive composition (3) of the adhesive tape (1) is situated and thus lies behind the masking paper (5) in the adhered state.
